C. CAMPAIGN RULES

- All nominating petitions will be randomly audited to verify validity of resident signatures.
- Mandatory candidate training will take place on April 20 at 6:00 PM at Sibley Plaza.
- Candidates who campaign before attending the Candidate Training risk being disqualified for violating election policies and procedures.
- All candidates must follow all election-day rules and procedures.

- All campaign information distributed by candidates (i.e., flyers, brochures, biographies) must comply with the election campaign rules. These rules will be provided at the candidate training.

Prohibitions: Any candidate who is found to violate any rule of this election process, including but not limited to the following activities or omissions will be disqualified from the election. Disqualification can occur at any time, including after the election on the basis of:

- Submitting false statements to the Independent Third Party Monitor (ITPM) regarding the election;
- Bribery, cheating, or stuffing the ballot box;
- Encouraging ineligible persons to vote or sign a nominating petition;
- Defacing or destroying posters or campaign literature of other candidates;
- Using resident council restricted funds for campaign purposes;
- Threatening or interfering with voters ability to vote;
- Missing deadlines for candidate applications or financial disclosures; or
- Engaging in dishonesty with regard to the election, including filing grievances for the purpose of gaining an electoral advantage or submitting false or fraudulent materials to the ITPM.

“Electoral fraud” is an improper interference with the process of an election that intends to bring about an election result, whether by increasing the vote share of the favored candidate, depressing the vote share of the rival candidates or both. Any act of electoral fraud by a candidate or their agents may result in a candidate’s disqualification. Some examples of electoral fraud include submitting false petition signatures, voter intimidation, vote buying, or intentionally misinforming voters by distributing false or misleading information.

Even the perception of fraud can be damaging as it makes voters and candidates less inclined to accept election results. Any candidates found to have engaged in electoral fraud will be subject to disqualification at any time prior to or after the election.

Any complaint regarding the violation of campaign rules must be submitted to the ITPM, in writing, with supporting evidence and documentation. Complaints MUST include written evidence and documentation in order for an investigation to be properly conducted.

Grievance Deadline: Any complaint regarding the election process must be RECEIVED by the ITPM no later than three (3) business days after the Election. Requests for reconsideration of an ITPM decision must be received within two (2) calendar days of the date of the ITPM's written response.

D. APPLICANT AGREEMENT AND SIGNATURE

By signing below, I agree to the terms of candidacy and affirm that the facts set forth in this application are true and complete. I understand that any material false statements, omissions, or other misrepresentations made by me on this application may result in my immediate disqualification. I also affirm that I have been given the opportunity to read, understand and will abide by the rules for campaigning. I am aware that any non-compliance or violation of these rules may result in my disqualification.

I acknowledge that if elected, I must file an affidavit of financial disclosure with DCHA General Counsel and Ethics Officer within thirty (30) days of my election and annually thereafter during my term. I further acknowledge that I must comply with all filing requirements of the District of Columbia Board of Ethics and Government Accountability. Failure to comply with required financial disclosure obligations may result in disqualification or removal from office.

3. NOMINATING PETITION

Candidates must obtain a minimum of 200 valid signatures of public housing residents on the official petition forms provided by RPS.

No more than 40 signatures may come from any one property.

Who May Sign: Signatures must be from DCHA residents who are eligible voters—signers must be at least 18 years of age and named on the lease for the unit they occupy.

Signature Verification: Signatures for the nominating petition will be reviewed and verified. Fraudulent or illegible signatures will not be counted. Candidates are ultimately responsible for submitting valid signatures.

Official Forms Required: Signatures must be submitted on the official petition forms provided by RPS. Signatures not provided on the official petition will not be considered.

Help Getting Signature: Candidates are allowed to ask friends to help get signatures. However, candidates should remain cautious at all times of their actions and those of their supporters. Any damage to the property of another may result in disqualification of the candidate at any time prior to, during or after the election.

Candidates are encouraged to get more than the minimum number of signatures required, should any of the signatures be found ineligible. Candidates are also encouraged to submit their petitions as soon as possible, so if any signatures are found to be inaccurate, the candidate may have a chance to gather more.

Petition sheets of candidates may be filed with the ITPM via fax or email, but the original hard copies must be made available upon request of the ITPM.

Candidates will be notified if they have not met the threshold signature requirement for their petitions no later than 3 calendar days after receiving their petition, whether or not the number of valid signatures on the petition meets the threshold requirement. If the same person has signed a petition for the same candidate more than once, it shall count only one (1) signature of such person. If a person who signs a petition is found to be an eligible voter in a property other than that which was indicated on the petition sheet, such person shall be counted from the correct property in determining whether or not the candidate qualifies for the ballot.

Header on Each Page: Candidates must insert their name at the top of each nominating petition so signers know who they are supporting.

Signature Gatherer Affidavit: Whoever (a candidate or their friend) gathers signatures for a nominating petition must complete this form stating that the gatherer swears they were in the presence of each person when the signature was written and that each signature is the genuine signature of the person it identifies.
